Where Innovation Flows

Rolling Out

the Common Core State Standards

This day is designed to provide information to every grade level teacher on the Common Core State Standards and on what they need to do to begin implementation.

The information is presented using the best practices in staff development. Participants will engage in interactive strategies designed to understand the CCSS and to identify strategies for implementation in the classroom.

Breakout Sessions will focus on:

- K-12 Reading & Writing Standards in ELA
- K-12 Mathematical Standards & Practices
- 6-12 Reading & Writing in the Content Areas

Learn how the Common Core Standards:

- Align and impact the GLCEs and HSCEs
- How they reside in existing programs
- Provide exemplary reading and writing texts
- Impact the content areas of science, history, social studies and other technical subjects

Target Audience:

K-12 Educators in all Content Areas who have not yet attended informational meetings about the Common Core State Standards

Cost: \$40 (includes materials, breakfast & lunch)
